Dear Parents/Carers

Re: STEM and Careers Week Easter Egg decorating competition

‘The Great Egg-speriment’

This year during STEM and Careers week we will once again running our egg decorating competition for anyone who would like to take part.

Showstopper entries will need to be linked to STEM (Science, Technology, Engineering and Maths) and/or Careers in some way and **brought into school from the morning of Thursday 4th April along with the attached entry form**. These will be displayed in the entrance hall area, ahead of judging on Friday morning at 9am. All entries must be in school by this time.

We are delighted to say **Hays Travel are once again sponsoring** our completion and have kindly donated all of the prizes. Entries will be judged in school, by **Amanda** from Hays travel, first thing Friday morning and winners will be announced during our whole school assembly.

As Friday it is the last day of term, all wanted egg entries will then need to be taken home on the Friday afternoon as we cannot keep them in school over the holidays.

Good luck, happy decorating, and I’m looking forward to seeing your wonderful creations in school from Thursday 4th April onwards.

Yours sincerely,

Mrs Lucy Oades
Enterprise and Raising Aspirations Coordinator
