**Create your future**

# Welcome

**Welcome to Heaton Manor. We are a large and popular school of over 1800 students and have a real sense of community. Our staff have a passion for education in its broadest sense and we are committed to achieving the best for all of the students in our care, enabling them to make excellent progress and achieve their goals and dreams.**

---

Heaton Manor is a multi-cultural, co-educational comprehensive school that is immensely proud of its heritage, while looking forward with optimism and a real sense of purpose to the future. We are a regional centre for students with hearing impairment and offer a high quality curriculum and exceptional range of extra-curricular activities to all of our students.

---

Students are exceptionally well cared for and supported and the rich cultural and social mix does much to prepare them for life in a diverse society. We have a relentless drive towards ever higher personal and academic standards.

---

Currently we are in formal collaboration with Gosforth Academy and are anticipating this becoming a permanent relationship in the near future. We are also part of the Ouseburn Learning Trust, containing most of our feeder primary schools. This enables close work between the schools and ensures that students have a smooth transition between their primary and secondary education.

---

Our recent Ofsted visit highlighted the rapid progress being made by Heaton Manor School, with the turnaround being reported by the local press as nothing short of miraculous. Our journey to outstanding promises to be an exciting time to be a student at our school and I look forward to welcoming your child to achieve their aspirations with us from September 2019.

**“The expertise, knowledge and enthusiasm of our staff in their different subject disciplines, ignites a passion for learning in our students.”**

**Karen Blackburn,**

Head Teacher
