

Hello Year 2!

We hope you have had a lovely week with your families, and enjoyed using some of the White Rose resources to help you with your maths work. We are so proud of you all for continuing your learning at home and it's lovely to see what you've been up to via the school Facebook page. Please do keep sharing any activities you are doing - we are all missing you so much and love to see your pictures.

This week we have a special challenge for you! Mrs. Edwards has had a very exciting time watching solitary bees building nests in her bee hotel. Take a look at the picture below to see them hard at work (she's still trying to get a close enough look to see what species of bee they are). This inspired us to provide some exciting challenges from the Eco Schools website. We would like to invite you to try some, or even all, of the activities detailed in the link below. On the website you will also find a page that will take you on a fantastic 'Bumble Bee Trail' at Kew Gardens!

Keep smiling Year 2 - you are doing so well,

Lots of love,

Mrs. Edwards, Mr. Hopkins, Mr. Snelders, Mrs.
Nicholson and Miss Rennison xxx
