

Friday 24<sup>th</sup> January 2020

Dear Parents/Carers

On Thursday 30<sup>th</sup> January as a school, we have been asked by a company called Kids Connections to take part in some Healthy School food research. The day will involve many of our children from across the school age range talking to the researchers and giving feedback on a range of healthy fruit bars, similar to those we already stock in our healthy school tuckshop. Part of the research will also involve tasting. All the products are allergen free and meet Healthy School food guidelines.

This letter is purely for your information only, however if you would prefer your child not take part in the research please email me [loades@westjesmond.newcastle.sch.uk](mailto:loades@westjesmond.newcastle.sch.uk) by Tuesday 28<sup>th</sup> January.

Kind Regards

Mrs Lucy Oades

Raising Aspirations and Enterprise Co-ordinator
